mentioned.

chired from its great do were and many Rispire, a torm a mail 1 in the constitutions.

The he same is the application of the engineers from d capacity for in the heal capacity for in the creation of the many in the creations of the profession. The chief capacity has major and heal capacity of Mosingal engineers a postal in dal in the capacity of Mosingal engineers a postal in dal in the adjustment of the heal capacity alleged, there fold I in that the in abstract address in which he out to make the capacity of the first dal in capacity and heal first a short address in which he out to months left exists, and that heal short the first is a short address in which he out to months left exists, and that he had short the terms of the first leads to the short of the capacity and the capacity an

New Problems Created

treedom, that they advance and do not return equality of opportunity amongst all our entires.

In solving these problems we have need for a large lowering of the curgoriting knowledge and organeering nitivals of mond and engineering nitivals of mond and engineering method. These problems of public relation are unsalvable without the technical knowledge of the engineer. They are unsolvable without the technical knowledge of the engineer. They are unsolvable without the fundamental engineers' approach to furnia that is, that to determine the finets, arrange these facts in project perspective and then distill truth from them in the retort of experience."

Thus the president revealed his con-Thus the president revealed his conception of the obligation which he regards as restling upon his profession and offered in insight into the iteals by which he has been guided first as an engineer himself and then he a public servant. Indirectly the address was an expression of the motives which have led him to appoint numerous fort finding commissions for the guidance of his administration.

THE NATIONAL CITY BANK & TRUST CO.

ARE PAYING FOR A PACKARD Why not own one?

A Packard Standard Eight, priced even at twice as much as the car you are now driving, costs no more in the final analysis -if you keep it twice as long.

Here is the real secret of Packard ownership: Buy a Packard Standard Eight. Drive it for a year or two longer than was your habit with lower priced vehicles. Net cost is the same -and you have the supreme enjoyment of Packard performance, Packard luxury and Packard distinction.

But what about operating costs?

It costs no more to drive the Packard than any other car of like size. Gas, oil and tire expenses are no greater. Neither are the costs of license, insurance, garaging and repairs, in the aggregate. Slightly higher insurance charges for the Packard are offset by the lower repair costs which result from Packard quality.

Clearly Packard ownership costs no more. This means that in driving your car of similar size and trading it in every two years or so you are actually paying Packard transportation costs. Then why not have the Packard, with its unchanging, always-modern beauty, its year after year of superb performance?

Your present car accepted as cash

You can take possession of your Packard Standard Eight with no cash outlay, if your present car is of average value or better-for it will make or exceed the down payment. The remainder may be arranged on convenient monthly terms.

The price of the most popular model of the Packard Standard Eight-the five-passenger Sedan-is but \$2485 at the factory. Ten other body styles are available on the 1271/2 and 134½-inch wheelbases at from \$2425 to \$2885.

SWEEPING in popularity-

There really never has been anything quite like the success of the Chrysler-built De Soto Six It rushed into sudden popularity the moment the motoring public laid eyes on it - and went on to set up a new first-year sales record for the industry. That success grew and grew and today continues without lag or let-up. All this is simply a matter of cause and effect. The De Soto Six is a huge success in sales because it is a huge success in engineering and manufacturinga six that definitely offers the owner more for his money in all those qualities that make for enjoyment, pride of possession and greater value. By no means consider buying

any Six without taking a ride in a De Soto Six

JUST TRY IT

Drive an Oldsmobile . . . know its all 'round performance . . . take it over your own pet "Proving Ground"... test its speed, its power, its acceleration, and its handling ease . . . then check the low price at which this spirited performance is available.

Ask your Oldsmobile-Viking dealer to give you the famous "II-Test" demonstration that proces Oldsmobile's Balanced Design.

The surest way to learn all the facts about a motor car is to drive it yourself. Then you can tell exactly how it suits you. Then you are able to compare it with other cars on a price and performance basis.

For this reason, we urge you to come in -to inspect Oldsmobile's many fine features-to drive the car and put it through your own performance tests.

Without changing the proved fundamentals which have made this car so dependable and so popular, Oldsmobile offers important improvements which add maperformance, and value. These advancements include smarter Fisher Body lines, resulting in

longer, lower appearance -increased roominess in body interiorsmore comfortable scats-greater engine efficiency-more responsive steering-and improved, fully-enclosed four-wheel brakes. Just try Oldsmobile and you'll know why it is gaining in public favor everywhere.

TWO-DOOR SEDAN Consider the

Coats to fit Juniors

and Misses, and in types to fit the more

matronly figure, too.

Half sizes and large sizes are included-

at \$15 and \$25!

AND THEY'RE COAT VALUES THAT WILL AMAZE YOU!

TARTING tomorrow—a sale of Brand New Spring Coats—offering Values we know have not been equalled before this sesson anyplace. Every Coat is NEW! Just Selected by our Coat Buyer in New York this past week. And presented just at a time when you are really interested in a new Coat-just before Easter! Two remarkable groups to choose from-in the two most fashionable colors of the season-NAVY AND BLACKat Two Extraordinary Prices.

Caped Coats

Fitted Coats

Straightline and Princess Coats Fur Trimmed Coats

Dress Coats

Tailored Coats

And All of Them Are Fully Four Inches Longer Than Last Season's Coats

EVERY important new vogue for spring is to be found. There are many versions of the cape coat; the coat with nipped waistline; with high tie belt; with revers of chic flat furs; with intricate seaming; with flared and longer skirts to harmonize with the new longer frocks. All excellently tailored with full silken linings.

> Most of Them Are of Fashionable Navy and Black Coatings. Some Are In the New Bright Shades

Tailored coats without fur: dressy types with and without fur. And the majority of them are in the favored BLACK AND NAVY COATINGS such as Oxford Cloth, Basket Weave, Broadcloth, Covert. Cheviot, as well as Velveteen and the new Celanese coatings. And if you do not want Black or Navy—there are several in the smart bright colors, in sport or dress coats.

RICHMAN BROTHERS

167 West Center Street

BLACK-and-WHITE TWEED TOPCOATS

are strongly favored this spring by men whose social and financial standing makes them the real fashion leaders.

We have an abundance of these blackand-white tweed topcoats in single and double-breasted box and Ragian models .. in sizes to fit every figure perfectly.

In fact, our immense stock of topcoats includes every smart fabric and color to be found anywhere . . Llama wool in soft gray, tan and blue..twists, cheviots and gabardines . . diagonals, herringbones and subdued plaids in newest colorings.

Any Richman topcoat you choose will look as smart, after many months wear, as it does the day you buy it. The fabrics are carefully selected from the choicest weaves loomed to sell at \$50 or more ... they are double-shrunk and showerproofed . . . finally, they are tailored in our own factories to stand the punishing wear topcoats are usually given.

This enduring topcoat smartness and quality can be purchased for \$22.50 only at Richman's . . . no other organization has the manufacturing resources and volume to produce this value.

ANY BUSINESS SUIT, TOPCOAT, GOLF OR DRESS SUIT ME EVERY RICHMAN BROTHERS STORE OF THE SAME PRICE word in style and fabric.. fresh from our Cleveland factory

Marion speat Thursday at the Scott

tom of ahe in!...

"Why?" Littlian demanded sharply.

"If you think the danger of the car
soing over the brink is sufficient to
make you went us out of it you're
uot going to move it one inch."

"Please hug to your soul rour ewa
time-konored admonition not to be
an anointed difot because you know
how," I retorted, although secretly
the consideration she had named hed
been in the back of my mind. "Don't
you realize that memore will have
to stand at the foot of the hill with a
flashlight so as to be able to warn
any possible security motorist?"

"Respace it Samuel?"

"But that won't need two of us."

Mary put in. "And I have an amend-

gayly. With the res

counting inward the mountainside inpointing inward the mountainside in-

when I had outlined my reasons for not agreeing to her proposation upon the key mountain road and walk to the nearest house. "Only — but there's Mary coming back Lie ten She's singing?"

The words floated up to us through the darkness in Mary's clear caroling tones, and I recognized a favorite thant of hers: "We sin't got a barrel of money, we may look ragged and funny, but we're rolling along, and in an other words whispered, but I had not time to reply, for Mary and in an other two seconds had rounded the curre and come up to the car.

"It's Bafe!"

"I be leave to report." she said, with her hand up in a utilitary salue, "that the road is clear, not ley, and with enough suow along the side of give a grip to the wheels."

"How is it just behind the car?" I asked. "Very ley?"

"Toes me the fashlight and flook it dree," she replied, and when she had finished her inspection her verdict was reasoning.

"No, there's some sanew right behind for. The had to conden the bushing reason and with the respired, and when he had finished her inspection her world the side of the product of the fill now it does not to fashlight and look it dree," she replied, and when he had dinished her inspection her world two reasons and with the source, that I found myself enjoying the experience, as I do syn per motor and would accompany the private determined that were head to give a grip to the wheels."

"How is it just behind the car?" I asked. "Very ley?"

"Toes me the fashlight and flook it dree," some some sow right behind rou. The had to condent to finished her inspection her dreed the finished her inspection her would accompany the private determined the many the private determined that the car out slong the level road in a but the foot of the bill and were headed once mount to Kingston I let the car out slong the level road in a but the foot of the bill and were headed once mount to Kingston I let the car out slong the level road in a but the foot of the bill and were headed once mount to Kingston I let the car out slong the leve

she had finished her inspection her verdict was reasoning.

"No, there's some anow right behind you. The had joe ended. It week right at this place where you skidded."

"Then," I decided, "Til back down. Lillian, I'm gologt ask you and Mary to welk down to the bottom of she hill."

"Why?" Lillian demanded sharply.

"Why?" Lillian demanded sharply.
"If you think the danger of the car?"

"One is that for i remembered that for. I shad just remembered that for. Copyright, 1930, Newspaper Feature Service, Inc.

WASHINGION Apri 1—tres

I those whether it his was an influence of a compared to the many firmed above attained and a compared to the many firmed to the waste of the aprice of

am right all our citizens.

In solving these problems we have see for a large I assume of the engineering attitute of mind and engineering attitute of mind and engineering method. These problems of public relation are unsolvable without the technical knowledge of the engineer. They are unsolvable without the fundamental engineers approach to truth. That is, first to determin the facts, arrange these forts in it per perspective and then distill truth from them in the richt of experience.

Inne
Thus the president revested his c n ception of the obligation which he reards as resting upon his preference and offered on might into the illustry which he has been guiled first as an engineer himself and then as a public servant. Indirectly the littres was an expression of the motions which have led him to appoint numer us feet finding commissions for the guilance of his administration.

THE NATIONAL CITY BANK & TRUST CO.

ARE PAYING FOR A PACKARD Why not own one?

A Packard Standard Eight, priced even at twice as much as the car you are now driving, costs no more in the final analysis -if you keep it twice as long.

Here is the real secret of Packard ownership: Buy a Packard Standard Eight. Drive it for a year or two longer than was your habit with lower priced vehicles. Net cost is the same -and you have the supreme enjoyment of Packard performance, Packard luxury and Packard distinction.

But what about operating costs?

It costs no more to drive the Packard than any other car of like size. Gas, oil and tire expenses are no greater. Neither are the costs of license, insurance, garaging and repairs, in the aggregate Slightly higher insurance charges for the Packard are offset by the lower repair costs which result from Packard quality.

Clearly Packard ownership costs no more. This means that in driving your car of similar size and trading it in every two years or so you are actually paying Packard transportation costs. Then why not have the Packard, with its unchanging, always-modern beauty, its year after year of superb performance?

Your present car accepted as cash

You can take possession of your Packard Standard Eight with no cash outlay, if your present car is of average value or better-for it will make or exceed the down payment. The remainder may be arranged on convenient monthly terms.

The price of the most popular model of the Packard Standard Eight-the five-passenger Sedan-is but \$2485 at the factory. Ten other body styles are available on the 1271/2 and 134½-inch wheelbases at from \$2425 to \$2885.

m their new grounds recently purchased from the Caledonia Gun club-Milhough the photograph does not record the actual breaking of any birds we have the word of several of the crack shots of Marion that it was the beginning of a disastrous summer for the clay pigeons.

WE tred thed a to mame of the Martel Inde cales with the level piece of the cales with the tred the same and the certain y ten right once. If never against these treams had FIGHT As for right once has kelt alliarch certain we could be read to the same and FIGHT as for right once has kelt alliarch certain we could be read to the same and the

tenin with four brothers holding down the same number of regular posts. Martel has just the and all posts Martel has just the and all of them are rapsule of taking or of thomselves in fast company (Boaketball). They will have a chause to prove their shilly Frilay night when they stack up againg the Steam Shavel Luginers tidently again the stage of the 1930 to transment.

With all the hard playing last tight the games were attended with less hard feeling among the spectators than was expected. From the start of the final games to the close there was a constant stream of wises; capologies to Wandhell and quick retorts but all were good natured and not intended to cause resessingent. Martel had fewer miniseriest supporters than the local came but parter than the local cam but what they lacked in unbers was made up in voral quality. No one from Marion can compete with Martiels one stunch supporter (name it and you can have it) when it comes to lunicapacity.

A PENNY FOR YOUR THOUGHTS. PERSISTED PERCIVAL

"Come, lass, what tender reveries engage that maiden mind?"

"If you must know, I was wondering why you went through life with a voice like a saw going through a hickory knot when honey smooth OLD GOLDS will soothe those rasping vocal cords and bring you throat-case. Raise that penny ante to the price of a pack of OLD GOLDS Percy, and let the mild and mellow queen leaf tobacco do its stuff. There's not a bark in a billion."
